NOTE 1: LABOR HOURS (LH)

At the time of award, the number of labor hours listed above (0.0 LH) in the Base Period and each Option Period will be changed to coincide with the Level of Effort provided in Section H, SEA 5252.216-9122 Level of Effort clause and the number of hours reflected in the cost proposal of the successful offeror.

NOTE 2: SURGE

If the Government determines that an increased level of effort for support, as provided in Section C, is required, the government reserves the right to exercise a "Surge Option" CLIN for additional work in accordance with the Performance Work Statement. A Surge Labor CLIN may be exercised without a Surge ODC CLIN, but a Surge ODC CLIN may not be exercised without a Surge Labor CLIN. The Contracting Officer will provide written notice to the contractor at least 30 calendar days prior to exercise of a "Surge Option" CLIN.

NOTE 3: Option clause

Option To Extend the Term of the Contract Clause in Section I applies to the option CLINs.

NOTE 4: ODCs

Unburdened travel are specified in Section L. Materials, if proposed, will be limited to those approved at time of award.

B.1 USE WHOLE DOLLARS ONLY

All proposals shall be rounded to the nearest dollar.

B.2 TYPE OF ORDER

This is a term (Level of Effort) type order.

Items in the 4xxx and 7xxx series are cost plus fixed fee type.
Items in the 6xxx and 9xxx series are cost only, excluding fee.

B.3 ADDITIONAL CLINS

Additional CLINs may be unilaterally created by the Contracting Officer during the performance of this Task Order to accommodate the multiple types of funds that may be used under this Order. These modifications will not change the overall level of effort, estimated cost or fixed fee of the Task Order.

B.4 FINALIZED FIXED FEE

If the total level of effort for each period specified in Section H, 5252.216-9122 LEVEL OF EFFORT -ALTERNATE 1 (MAY 2010) is not provided by the Contractor during the period of this order, the Contracting Officer, at their sole discretion, shall finalize fee based on the percent of hours provided in relation to the fixed fee. For example, if 90% of the hours were provided, the contractor is entitled to 90% of the fixed fee.

The above fee calculation applies to all periods regardless of the level of funding. This task order will be incrementally funded and budgetary constraints may prevent full funding of all periods. The process for finalizing the fixed fee is the same for both fully funded periods and periods funded at less than the estimated total cost-plus-fixed-fee.

CLAUSES INCORPORATED IN FULL TEXT:

HQ B-2-0015 PAYMENTS OF FEE(S) (LEVEL OF EFFORT –ALTERNATE 1) (NAVSEA) (MAY 2010)

(a) For purposes of this task order, "fee" means "target fee" in cost-plus-incentive-fee type contracts, "base fee" in costplus-award-fee type contracts, or "fixed fee" in cost-plus-fixed-fee type contracts for level of effort type contracts.

(b) The Government shall make payments to the Contractor, subject to and in accordance with the clause in this contract entitled "FIXED FEE" (FAR 52.216-8) or "INCENTIVE FEE", (FAR 52.216-10), as applicable. Such payments shall be submitted by and payable to the Contractor pursuant to the clause of this contract entitled "ALLOWABLE COST AND PAYMENT" (FAR 52.216-7), subject to the withholding terms and conditions of the "FIXED FEE" or "INCENTIVE FEE" clause, as applicable, and shall be paid fee at the hourly rate(s) specified above per man-hour performed and invoiced. Total fee(s) paid to the Contractor shall not exceed the fee amount(s) set forth in this contract. In no event shall the Government be required to pay the Contractor any amount in excess of the funds obligated under this contract.

HQ B-2-0020 TRAVEL COSTS - ALTERNATE I (NAVSEA) (DEC 2005)

(a) Except as otherwise provided herein, the Contractor shall be reimbursed for its reasonable actual travel costs in accordance with FAR 31.205-46. The costs to be reimbursed shall be those costs accepted by the cognizant DCAA.

(b) Reimbursable travel costs include only that travel performed from the Contractor's facility to the worksite, in and around the worksite, and from the worksite to the Contractor's facility.

(c) Relocation costs and travel costs incident to relocation are allowable to the extent provided in FAR 31.205-35; however, Contracting Officer approval shall be required prior to incurring relocation expenses and travel costs incident to relocation.

(d) The Contractor shall not be reimbursed for the following daily local travel costs:

- (i) travel at U.S. Military Installations where Government transportation is available,
- (ii) travel performed for personal convenience/errands, including commuting to and from work, and
- (iii) travel costs incurred in the replacement of personnel when such replacement is accomplished for the

SECTION C DESCRIPTIONS AND SPECIFICATIONS

PERFORMANCE WORK STATEMENT

C.0 The contractor shall provide senior Subject Matter Technical and Engineering Expertise in Support of System Engineering trades, analyses and planning for future Combat and Warfare Systems definition and design; and current Combat and Warfare System Operations. This includes all programs supported by W05 including AEGIS, AEGIS Ballistic Missile Defense (ABMD), Ship Self Defense System (SSDS), Littoral Combat Ships (LCS), DDG-1000, Carriers, Amphibious Ships, Coast Guard National Security Cutter (NSC) and Future Surface Combatants (FSC).

C.1 Senior Subject Matter Expertise Support

C.1.1 The contractor shall provide senior subject matter expertise to conduct development of concepts, system architectures and frameworks, requirements definitions, and engineering solutions to ensure current and next generation surface ships combat and warfare systems meet coalition, joint, and force war-fighting requirements and are seamlessly integrated into the joint environment. This includes participation in studies and analyses to develop top level functional requirements necessary to conduct multi-warfare command and control warfighting on current and future surface ships including aircraft carriers and amphibious ships.

C.1.2 The contractor shall provide senior subject matter expertise in the areas of combat system computer program certification, radar and combat systems engineering, integrated air and battle management, open architecture, strategic planning and organizational alignment.

C.1.3 The contractor shall provide senior subject matter experts with demonstrated knowledge, experience and understanding to support mission requirements, mission needs, development of concepts, trade-off studies, engineering analyses at coalition, joint, force and platform levels, for acquisition and lifecycle engineering efforts.

C.2 Human Systems Integration (HSI)

C.2.1 The contractor shall provide engineering expertise in the areas of Applied/Experimental Psychology Human Factors Engineering, Mechanical/Industrial/Systems Engineering and Human Computer Interface research and development for advanced design, as well as user interface, automation, Human Systems Integration, situational awareness and decision making, and manning concepts for potential use in next generation naval warfighting and command and control systems. The contractor shall conduct system engineering development of warfare and combat systems concepts which optimize systems while enhancing human/system performance, optimizing operational effectiveness, and reducing total system-life costs to the Navy. The contractor shall conduct platform performance-based concept development and design to increase safety and reduce risk of loss of life under severe circumstances.

C. 3 Systems Interoperability, System Testing, System Certification and Fleet Feedback Support

C.3.1 The contractor shall perform a broad range of engineering activities leading to successful development, certification and deployment of joint interoperable systems. This includes providing expertise during fleet events and the post event data gathering, analysis, data analysis tool evaluation, and fleet generated feedback, plus the development of action recommendations for issue resolution and coordination of the execution of derived actions with systems commands and the fleet. These fleet feedback efforts include the Aegis Ballistic Missile Defense (BMD) program, various Program Executive Offices (PEO's) and involve coordination with NSWC PHD, NSWCDD, NAVSEA and SPAWAR. The contractor shall provide engineering expertise during testing, analysis

and resolution of single and integrated systems to include Strike Force interoperability issues.

C. 4 Training Support

C.4.1 The contractor shall provide expertise in training systems for surface ships including aircraft carriers and amphibious ships. This includes Subject Matter Experts to develop curriculum for the Navy's Maritime Integrated Air and Missile Defense (IAMD) planning system (MIPS). The contractor shall provide expertise in the development and implementation of distributed training strategies and methodologies in the areas of performance measurement and performance diagnosis.

C.4.2 The contractor shall provide senior SME(s) during NSWCDD training efforts. This includes the hands-on system engineering program known as SLYFOX, new employee training, and refresher training for mid and senior government employees. This effort will require on-site expertise at NSWCDD, Dahlgren, VA.

C.5 Studies, Analyses and Program Management Engineering Support

C.5.1 The contractor shall provide engineering expertise for the conduct of conceptual studies, Analyses of Alternatives, and major analytical studies in accordance with the Joint Capability Integration and Development System (JCIDS) process. Included are the authoring of concepts of operation (CONOPS), development of alternatives, engineering analysis and drafting of written reports and major briefings. The contractor shall develop operational architectures using current DOD guidance, participate in the development and validation of the functional flow of project requirements, develop systems architectures and provide program documentation for DOD program acquisition milestone approval process. The contractor shall provide engineering expertise for surface ship programs/systems such as the AEGIS and AEGIS modernization programs, AEGIS BMD program, including AEGIS Ashore support. A portion of this effort will require senior level on-site at NSWCDD, Dahlgren, VA.

C.6 Operational Systems Engineering Support

C.6.1 The contractor shall provide operational engineers expertise for the design and development of surface ship combat systems. Activities range from system requirements definition, testing and assessment, data analysis, site and shipboard assessment, shipboard verifications, performance/compliance verifications and baseline computer program authorization/certification support through operational safety evaluation onboard ship, NSWCDD facilities and the Combat Systems Engineering Development Site (CSEDS) in Moorestown, NJ.

NOTES:

Human System Integration (HSI) support (C.2) is planned to transition off this contract vehicle during Option Year 1 (approximately September 2013).

Operational Safety support (C.6.1) is planned to transition off this contract vehicle during Option Year 2 (approximately August 2014).

The Maritime IAMD Plan support (MIPs) (C.4.1) is planned to transition off this contract vehicle when the curriculum development is complete (approximately October 2013).

MANDATORY REQUIREMENTS

Offerors must meet all mandatory requirements at time of proposal submission, or have an acceptable plan to meet the requirements by the start date of contract performance. In addition,

CONTRACT NO. N00178-04-D-4129	DELIVERY ORDER NO. N00178-04-D-4129-0003	AMENDMENT/MODIFICATION NO. 52	PAGE 28 of 112	FINAL

mandatory requirements must be maintained throughout the life of the Task Order. The mandatory requirements are as follows:

Requirement 1: Facility Location - The contractor's primary facility for this task order must be within one-hour travel time of NSWCD. If contractor does not have required facility, the contractor must provide an acceptable plan to establish a facility and have it operational no later than 30 days after award.

Requirement 2: Facility Security Clearance - The contractor's facility must be cleared at the TOP SECRET level and at the SECRET level for processing and storage/safeguarding. (Access to Top Secret will be required only at NSWCD or at other Government or contractor facilities.)

Requirement 3: Key Personnel Security Clearances – A minimum of one Senior Systems Engineer proposed to support this task order must possess a Top Secret Clearance based on Single Scope Background Investigation (SSBI). At least 80% of technical personnel* working this task order must possess a minimum SECRET level security clearance.

Requirement 4: OCI Certification/Mitigation Plan: The contractor shall certify compliance with the OCI clause or present an acceptable plan to neutralize any potential organizational conflict of interest prior to award. The certification and/or mitigation plan shall cover all team members.

* Technical Personnel is defined as personnel providing direct technical support; this excludes general administrative personnel. The technical personnel for this requirement includes the individuals performing in the Key Personnel and Non-Key Personnel labor categories as listed in Section L and described in Section H and Section L.

DATA DELIVERABLES

A Task Order Data Requirements List (TO/DRL) for this requirement is provided as Exhibit A. Specific titles, frequency, due dates, distribution, and other special requirements may be included in Technical Instructions/Plan of Action and Milestones (POA&M).

CONTRACTING OFFICER'S MANAGEMENT REPORT

The Contractor shall provide a monthly Contracting Officer's Management Report (TO/DRL A002) electronically. While Contractor format is acceptable, with Government's approval, the following information shall be reported in addition to the requirements set forth by TO/DRL A002.

- a. Provide list of personnel working in Government provided space
- b. Provide list of Personnel with CAC.

IN-PROCESS REVIEWS

The Contractor shall conduct an In-Process Review (IPR) with the Contracting Officer Representative (COR), Contracting Officer (CO), and Contract Specialist (CS) every six months and other NSWCD personnel designated by the COR upon NSWCD request. This review shall be documented in a report, which shall include as least the following:

- a. Current and cumulative expenditures in both hours and dollars. Labor hours shall be presented by labor category. Personnel charging to the task shall be identified. An analysis shall be presented which compares proposed and actual amounts. Significant variances shall be explained.
- b. Travel performed, including identification of element, number of days, purpose of travel, dates of travel, destination, names of travelers, and a summary of the results of the trip.

Performance review:

- c. Accomplishments
- d. Problems
- e. Schedule

Minutes and action items shall be produced and distributed by the Contractor.

PLAN OF ACTIONS AND MILESTONES (POA&M) REQUIREMENTS

The Contractor shall develop a POA&M for each work element. The POA&M shall be signed by the Contractor and the Government. The signed POA&M shall be provided electronically to the Contract Specialist, the COR/ACOR, and the appropriate Government Subject Matter Expert within forty-five (45) calendar days after issuance of the order. Thereafter, plans shall be updated bi-annually or as needed for each CLIN. While Contractor format is acceptable, with Government's approval, the following information, as a minimum, shall appear in each POA&M (TO/DRL A001).

- a. Date POA&M prepared/revised
- b. Work Area (number and title)
- c. Revision number if applicable
- d. Contract and Task Order Number
- e. POA&M Period Of Performance
- f. Contractor Interfaces/Points Of Contact (technical area)
- g. Government Interfaces/POC/Subject Matter Expert (SME)
- h. Estimated labor hours and total cost (including fee)
 - i. Work summary – to include tasking for the year
 - j. SubContractors identified by name
 - k. Travel

GOVERNMENT PROVIDED SPACE

The Government will provide the following workspace to the Contractor at task order start up, as specified below:

PWS Reference	Location	Labor Category	No. of Persons
C.5.1	Dahlgren, VA (Bldg. 1490)	Sr. Systems Engineer	1
C.4.2	Dahlgren, VA (Bldg. 194)	Sr. Systems Engineer	1

CONTRACTOR EXPENSE REPORTING SYSTEM (CERS) (DELETED)

POST AWARD MEETINGS

(a) A Post Award Meeting with the successful offeror will be conducted within 15 working days after award of the contract. The meeting will be held at the Contractor's facility.

(b) The contractor will be given at least five working days notice prior to the date of the meeting by the Contracting Officer.

(c) The requirement for a Post Award meeting shall, in no event, constitute grounds for excusable delay by the Contractor in performance of any provisions of the Task Order.

CONTRACT NO. N00178-04-D-4129	DELIVERY ORDER NO. N00178-04-D-4129-0003	AMENDMENT/MODIFICATION NO. 52	PAGE 30 of 112	FINAL
----------------------------------	---	----------------------------------	-------------------	-------

(d) A second post award meeting may, if necessary, be held after the receipt of the first invoice to assure that adequate documentation has been received to substantiate the validity of the invoice for the stated period of performance, in accordance with HQ G-2-0007. The contractor will be given at least five working days notice prior to the date of the meeting by the Contract Specialist.

HQ C-2-0002 ACCESS TO PROPRIETARY DATA OR COMPUTER SOFTWARE (NAVSEA) (JUN 1994)

(a) Performance under this contract may require that the Contractor have access to technical data, computer software, or other sensitive data of another party who asserts that such data or software is proprietary. If access to such data or software is required or to be provided, the Contractor shall enter into a written agreement with such party prior to gaining access to such data or software. The agreement shall address, at a minimum,

- (1) access to, and use of, the proprietary data or software exclusively for the purposes of performance of the work required by this contract, and
- (2) safeguards to protect such data or software from unauthorized use or disclosure for so long as the data or software remains proprietary. In addition, the agreement shall not impose any limitation upon the Government or its employees with respect to such data or software. A copy of the executed agreement shall be provided to the Contracting Officer. The Government may unilaterally modify the contract to list those third parties with which the Contractor has agreement(s).

(b) The Contractor agrees to:

- (1) indoctrinate its personnel who will have access to the data or software as to the restrictions under which access is granted;
- (2) not disclose the data or software to another party or other Contractor personnel except as authorized by the Contracting Officer;
- (3) not engage in any other action, venture, or employment wherein this information will be used, other than under this contract, in any manner inconsistent with the spirit and intent of this requirement;
- (4) not disclose the data or software to any other party, including, but not limited to, joint venturer, affiliate, successor, or assign of the Contractor; and
- (5) reproduce the restrictive stamp, marking, or legend on each use of the data or software whether in whole or in part.

(c) The restrictions on use and disclosure of the data and software described above also apply to such information received from the Government through any means to which the Contractor has access in the performance of this contract that contains proprietary or other restrictive markings.

(d) The Contractor agrees that it will promptly notify the Contracting Officer of any attempt by an individual, company, or Government representative not directly involved in the effort to be performed under this contract to gain access to such proprietary information. Such notification shall include the name and organization of the individual, company, or Government representative seeking access to such information.

(e) The Contractor shall include this requirement in subcontracts of any tier which involve access to information covered by paragraph (a), substituting "subcontractor" for "Contractor" where appropriate.

(f) Compliance with this requirement is a material requirement of this contract.

DdI-C30 HAZARDOUS MATERIALS USED ON GOVERNMENT SITE

(a) This clause applies if hazardous materials are utilized at any time during the performance of work on a Government site under this Task Order. Hazardous materials are defined in Federal Standard No. 313 and include items such as chemicals, paint, thinners, cleaning fluids, alcohol,

CONTRACT NO. N00178-04-D-4129	DELIVERY ORDER NO. N00178-04-D-4129-0003	AMENDMENT/MODIFICATION NO. 52	PAGE 31 of 112	FINAL
----------------------------------	---	----------------------------------	-------------------	-------

epoxy, flammable solvents, or asbestos.

(b) The contractor shall have an active Hazard Communication Program in place for all contractor employees per 29 C.F.R. 1910.1200. Before delivery of any hazardous materials onto Government property, the Contractor shall provide the both the Contracting Officer and the Contracting Officer's Representative (COR) with an inventory and Material Safety Data Sheet (MSDS) for these materials.

SECURITY

The Department of Defense Contract Security Classification Specification (DD Form 254) (Attachment J.1) provides the security classification requirements for this order. The contractor shall obtain facility and personnel security clearances as required by the Department Industrial Security Program prior to starting to work on tasks requiring clearances. Access to classified spaces and material and generation of classified material shall be in accordance with the attached DD Form 254.

SKILLS AND TRAINING

The contractor shall provide capable personnel with qualifications, experience levels, security clearances, and necessary licenses, certifications, and training required by Federal, State, and Local laws and regulations. Training necessary to ensure that personnel performing under this contract maintain the knowledge and skills to successfully perform the required functions is the responsibility of the contractor. Training necessary to maintain professional certification is the responsibility of the contractor.

INFORMATION SECURITY AND COMPUTER SYSTEM USAGE

In accordance with U.S. Navy policy, any personnel, including the contractor, who utilizes DOD-owned systems shall assume responsibility for adherence to restrictions regarding internet and e-mail usage. Navy policy prohibits racist, sexist, threatening, pornographic, personal business, subversive or politically partisan communications. All personnel, including the contractor, are accountable and must act accordingly. DOD computer systems are monitored to ensure that the use is authorized, to facilitate protection against unauthorized access, and to verify security procedures, survivability and operational security. During monitoring, information may be examined, recorded, copied, and used for authorized purposes. All information, including personal information, placed on or sent over a DOD system may be monitored. Use of a DOD system constitutes consent to monitoring. Unauthorized use may result in criminal prosecution. Evidence of unauthorized use collected during monitoring may be used as a basis for recommended administrative, criminal or adverse action.

TRAVEL REQUIREMENTS

All travel under this order must be requested of, and authorized by, the COR (information copy to the SME), in writing or by electronic mail, and must show the appropriate order number, the number of people traveling, the number of days for the trip, the reason for the travel, and any high-cost or unusual costs expected. The Contractor is not authorized to perform any travel that is not in conjunction with this order. Specific Travel requirements shall be identified in the POA&Ms.

TERMINATION OF EMPLOYEES WITH NSA South Potomac BASE ACCESS

The Contractor shall ensure that all employees who have a NSA South Potomac badge and or vehicle sticker turn in the badge and remove the vehicle sticker immediately upon termination of their employment under this order. The above requirement shall be made a part of the standard

CONTRACT NO. N00178-04-D-4129	DELIVERY ORDER NO. N00178-04-D-4129-0003	AMENDMENT/MODIFICATION NO. 52	PAGE 32 of 112	FINAL

employee facility clearance procedures for all separated personnel. The Contractor shall advise the Pass & ID office at NSA South Potomac of all changes in their personnel requiring NSA South Potomac base access.

For involuntarily separated personnel and those separated under adverse circumstances, the Contractor shall notify the Pass & ID office at NSA South Potomac in advance of the date, time, and location where the NSWCCD representative may physically remove the employee's vehicle sticker and retrieve the NSA South Potomac badge prior to the employee departing the Contractor's facility. In the event the employee is separated in his or her absence, the Contractor shall immediately notify the Pass & ID office at NSA South Potomac of the separation and make arrangements between the former employee and the Pass & ID office at NSA South Potomac for the return of the badge and removal of the sticker.

DIGITAL DELIVERY OF DATA

(a) Delivery by the Contractor to the Government of certain technical data and other information is now frequently required to be made in digital form rather than in hardcopy form. The method of delivery of such data and/or other information (i.e., in electronic, digital, paper hardcopy, or other form) shall not be deemed to affect in any way either the identity of the information (i.e., as "technical data" or "computer software") or the Government's and the Contractor's respective rights therein.

(b) Whenever technical data and/or computer software deliverables required by this contract are to be delivered in digital form, any authorized, required, or permitted markings relating to the Government's rights in and to such technical data and/or computer software must also be digitally included as part of the deliverable and on or in the same medium used to deliver the technical data and/or software. Such markings must be clearly associated with the corresponding technical data and/or computer software to which the markings relate and must be included in such a way that the marking(s) appear in human-readable form when the technical data and/or software is accessed and/or used. Such markings must also be applied in conspicuous human-readable form on a visible portion of any physical medium used to effect delivery of the technical data and/or computer software. Nothing in this paragraph shall replace or relieve the Contractor's obligations with respect to requirements for marking technical data and/or computer software that are imposed by other applicable clauses such as, where applicable and without limitation, DFARS 252.227-7013 and/or DFARS 252.227-7014.

(c) Digital delivery means (such as but not limited to Internet tools, websites, shared networks, and the like) sometimes require, as a condition for access to and/or use of the means, an agreement by a user to certain terms, agreements, or other restrictions such as but not limited to "Terms of Use," licenses, or other restrictions intended to be applicable to the information being delivered via the digital delivery means. The Contractor expressly acknowledges that, with respect to deliverables made according to this contract, no such terms, agreements, or other restrictions shall be applicable to or enforceable with respect to such deliverables unless such terms, agreements, or other restrictions expressly have been accepted in writing by the Contracting Officer; otherwise, the Government's rights in and to such deliverables shall be governed exclusively by the terms of this task order.

DdI-C40 USE OF INFORMATION SYSTEM (IS) RESOURCES

Contractor Provision of IS Resources

Except in special circumstances explicitly detailed elsewhere in this document, the Contractor shall provide all IS resources needed in the performance of this contract. This includes, but is not limited to computers, software, networks, certificates, and network addresses.

CONTRACT NO. N00178-04-D-4129	DELIVERY ORDER NO. N00178-04-D-4129-0003	AMENDMENT/MODIFICATION NO. 52	PAGE 33 of 112	FINAL
----------------------------------	---	----------------------------------	-------------------	-------

Contractor Use of NSWCDD IS Resources

In the event that the contractor is required to have access to NSWCDD IS resources, the login name used for access shall conform to the NMCI login naming convention. If the contractor requires access to applications/systems that utilize client certificates for authentication, the contractor is responsible for obtaining requisite certificates from a DOD or External Certificate Authority.

If this contract requires that the contractor be granted access and use of NSWCDD IS resources (at any site), the IS shall be accredited for contractor use in accordance with procedures specified by the Information Assurance Office.

Connections Between NSWCDD and Contractor Facilities

If there is a requirement (specifically delineated elsewhere in this contract) for interconnection (e.g., link level or Virtual Private Network (VPN)) between any facilities and/or ISs owned or operated by the contractor and ISs owned or operated by NSWCDD, such interconnection shall take place only after approval from the NSWCDD Information Assurance Office. All such connections as well as the ISs connected thereto will be accredited in accordance with DOD policy (DODI 5200.40) by the cognizant Designated Approving Authority (DAA) and comply with the requirements of CJCSI 6211.02B regarding Memorandums of Agreement. All such connections will be made outside the appropriate NSWCDD firewall.

HQ C-2-0011 COMPUTER SOFTWARE AND/OR COMPUTER DATABASE(S) DELIVERED TO AND/OR RECEIVED FROM THE GOVERNMENT (NAVSEA) (APR 2004)

(a) The Contractor agrees to test for viruses all computer software and/or computer databases, as defined in the clause entitled "RIGHTS IN NONCOMMERCIAL COMPUTER SOFTWARE AND NONCOMMERCIAL COMPUTER SOFTWARE DOCUMENTATION" (DFARS 252.227-7014), before delivery of that computer software or computer database in whatever media and on whatever system the software is delivered. The Contractor warrants that any such computer software and/or computer database will be free of viruses when delivered.

(b) The Contractor agrees to test any computer software and/or computer database(s) received from the Government for viruses prior to use under this contract.

(c) Unless otherwise agreed in writing, any license agreement governing the use of any computer software to be delivered as a result of this contract must be paid-up and perpetual, or so nearly perpetual as to allow the use of the computer software or computer data base with the equipment for which it is obtained, or any replacement equipment, for so long as such equipment is used. Otherwise the computer software or computer database does not meet the minimum functional requirements of this contract. In the event that there is any routine to disable the computer software or computer database after the software is developed for or delivered to the Government, that routine shall not disable the computer software or computer database until at least twenty-five calendar years after the delivery date of the affected computer software or computer database to the Government.

(d) No copy protection devices or systems shall be used in any computer software or computer database delivered under this contract to restrict or limit the Government from making copies. This does not prohibit license agreements from specifying the maximum amount of copies that can be made.

HQ C-2-0037 ORGANIZATIONAL CONFLICT OF INTEREST (NAVSEA) (JUL 2000)

(a) "Organizational Conflict of Interest" means that because of other activities or relationships with other persons, a person is unable or potentially unable to render impartial assistance or advice to

CONTRACT NO. N00178-04-D-4129	DELIVERY ORDER NO. N00178-04-D-4129-0003	AMENDMENT/MODIFICATION NO. 52	PAGE 34 of 112	FINAL

the Government, or the person's objectivity in performing the order work is or might be otherwise impaired, or a person has an unfair competitive advantage. "Person" as used herein includes Corporations, Partnerships, Joint Ventures, and other business enterprises.

(b) The Contractor warrants that to the best of its knowledge and belief, and except as otherwise set forth in the order, the Contractor does not have any organizational conflict of interest(s) as defined in paragraph (a).

(c) It is recognized that the effort to be performed by the Contractor under this order may create a potential organizational conflict of interest on the instant order or on a future acquisition. In order to avoid this potential conflict of interest, and at the same time to avoid prejudicing the best interest of the Government, the right of the Contractor to participate in future procurement of equipment and/or services that are the subject of any work under this order shall be limited as described below in accordance with the requirements of FAR 9.5.

(d) (1) The Contractor agrees that it shall not release, disclose, or use in any way that would permit or result in disclosure to any party outside the Government any information provided to the Contractor by the Government during or as a result of performance of this order. Such information includes, but is not limited to, information submitted to the Government on a confidential basis by other persons. Further, the prohibition against release of Government provided information extends to cover such information whether or not in its original form, e.g., where the information has been included in Contractor generated work or where it is discernible from materials incorporating or based upon such information. This prohibition shall not expire after a given period of time.

(2) The Contractor agrees that it shall not release, disclose, or use in any way that would permit or result in disclosure to any party outside the Government any information generated or derived during or as a result of performance of this order. This prohibition shall expire after a period of three years after completion of performance of this order.

(3) The prohibitions contained in subparagraphs (d)(1) and (d)(2) shall apply with equal force to any affiliate of the Contractor, any subcontractor, consultant, or employee of the Contractor, any joint venture involving the Contractor, any entity into or with which it may merge or affiliate, or any successor or assign of the Contractor. The terms of paragraph (f) of this Special Contract Requirement relating to notification shall apply to any release of information in contravention of this paragraph (d).

(e) The Contractor further agrees that, during the performance of this order and for a period of three years after completion of performance of this order, the Contractor, any affiliate of the Contractor, any subcontractor, consultant, or employee of the Contractor, any joint venture involving the Contractor, any entity into or with which it may subsequently merge or affiliate, or any other successor or assign of the Contractor, shall not furnish to the United States Government, either as a prime contractor or as a subcontractor, or as a consultant to a prime contractor or subcontractor, any system, component or services which is the subject of the work to be performed under this order. This exclusion does not apply to any re-competition for those systems, components, or services furnished pursuant to this order.

As provided in FAR 9.505-2, if the Government procures the system, component, or services on the basis of work statements growing out of the effort performed under this order, from a source other than the contractor, subcontractor, affiliate, or assign of either, during the course of performance of this order or before the three year period following completion of this order has lapsed, the Contractor may, with the authorization of the cognizant Contracting Officer, participate in a subsequent procurement for the same system, component, or service. In other words, the Contractor may be authorized to compete for procurement(s) for systems, components, or services subsequent to an intervening procurement.

(f) The Contractor agrees that, if after award, it discovers an actual or potential organizational conflict of interest, it shall make immediate and full disclosure in writing to the Contracting Officer. The notification shall include a description of the actual or potential organizational conflict of interest, a description of the action, which the Contractor has taken or proposes to take to avoid, mitigate, or neutralize the conflict, and any other relevant information that would assist the Contracting Officer in making a determination on this matter. Notwithstanding this notification, the Government may terminate the order for the convenience of the Government if determined to be in the best interest of the Government.

(g) Notwithstanding paragraph (f) above, if the Contractor was aware, or should have been aware, of an organizational conflict of interest prior to the award of this order or becomes, or should become, aware of an organizational conflict of interest after award of this order and does not make an immediate and full disclosure in writing to the Contracting Officer, the Government may terminate this order for default.

(h) If the Contractor takes any action prohibited by this requirement or fails to take action required by this requirement, the Government may terminate this order for default.

(i) The Contracting Officer's decision as to the existence or nonexistence of an actual or potential organizational conflict of interest shall be final.

(j) Nothing in this requirement is intended to prohibit or preclude the Contractor from marketing or selling to the United States Government its product lines in existence on the effective date of this order; nor, shall this requirement preclude the Contractor from participating in any research and development or delivering any design development model or prototype of any such equipment. Additionally, sale of catalog or standard commercial items are exempt from this requirement.

(k) The Contractor shall promptly notify the Contracting Officer, in writing, if it has been tasked to evaluate or advise the Government concerning its own products or activities or those of a competitor in order to ensure proper safeguards exist to guarantee objectivity and to protect the Government's interest.

(l) The Contractor shall include this requirement in subcontracts of any tier which involve access to information or situations/conditions covered by the preceding paragraphs, substituting "subcontractor" for "contractor" where appropriate.

(m) The rights and remedies described herein shall not be exclusive and are in addition to other rights and remedies provided by law or elsewhere included in this order.

(n) Compliance with this requirement is a material requirement of this order.

HQ C-2-0059 UPDATING SPECIFICATIONS AND STANDARDS (NAVSEA) (AUG 1994)

If, during the performance of this or any other contract, the contractor believes that any contract contains outdated or different versions of any specifications or standards, the contractor may request that all of its contracts be updated to include the current version of the applicable specification or standard. Updating shall not affect the form, fit or function of any deliverable item or increase the cost/price of the item to the Government. The contractor should submit update requests to the Procuring Contracting Officer with copies to the Administrative Contracting Officer and cognizant program office representative for approval. The contractor shall perform the contract in accordance with the existing specifications and standards until notified of approval/disapproval by the Procuring Contracting Officer. Any approved alternate specifications or standards will be incorporated into the contract.

NON-DISCLOSURE AGREEMENTS (NDAs)

CONTRACT NO. N00178-04-D-4129	DELIVERY ORDER NO. N00178-04-D-4129-0003	AMENDMENT/MODIFICATION NO. 52	PAGE 36 of 112	FINAL
----------------------------------	---	----------------------------------	-------------------	-------

NDA's may be utilized to allow for access to company sensitive/proprietary data. For tasks requiring NDA's the contractor shall obtain appropriate agreements for all of their employees that are associated with the task requiring such an agreement.

Contractor personnel may be required, from time to time, to sign non-disclosure statements as applicable to specific Statement of Work tasking. The COR will notify the contractor of the number and type of personnel that will need to sign the Non-Disclosure agreements. The signed Non-Disclosure Agreements shall be executed prior to accessing data or providing support for information that must be safeguarded and returned to the COR for endorsement and retention. Copies of all executed NDAs shall be provided to the COR.

SENSITIVE, PROPRIETARY, AND PERSONAL INFORMATION

Work under this contact may require that personnel have access to Privacy Information. Contractor personnel shall adhere to the Privacy Act, Title 5 of the U.S. Code. Section 552a and applicable agency rules and regulations. Access to and preparation of sensitive information subject to privacy Act and Business Sensitive safeguarding and destruction may be required in the execution of tasking associated with this contract. Administratively sensitive information/data must not be shared outside of the specific work areas. All personnel with access to privacy act data in support of this contract must sign a privacy act certification.

NON-PERSONAL SERVICES/INHERENTLY GOVERNMENTAL FUNCTIONS

(a) The Government will neither supervise contractor employees nor control the method by which the contractor performs the required tasks. The Government will not direct the hiring, dismissal or reassignment of contractor personnel. Under no circumstances shall the Government assign tasks to, or prepare work schedules for, individual contractor employees. It shall be the responsibility of the contractor to manage its employees and to guard against any actions that are of the nature of personal services or give the perception that personal services are being provided. If the contractor feels that any actions constitute, or are perceived to constitute personal services, it shall be the contractor's responsibility to notify the Contracting Officer immediately in accordance with the clause 52.243-7.

(b) Inherently-Governmental functions are not within the scope of this Task Order. Decisions relative to programs supported by the contractor shall be the sole responsibility of the Government. The contractor may be required to attend technical meetings for the Government; however, they are not, under any circumstances, authorized to represent the Government or give the appearance that they are doing so.

SUBCONTRACTORS/CONSULTANTS

In addition to the information required by FAR 52.244-2 Alternate 1 (JUN 2007), the contractor shall include the following information in requests to add subcontractors or consultants during performance, regardless of subcontract type or pricing arrangement.

- (1) Impact on subcontracting goals, and
- (2) Impact on providing support at the contracted value.

NOTE: Regarding 52.244-2 Alternate 1 JUN 2007 -- Teaming arrangement with any firm not included in the Contractor's basic MAC contract must be submitted to the basic MAC Contracting Officer for approval. Team member (subcontract) additions after Task Order award must be approved by the Task Order Contracting Officer.

SHIPBOARD PROTOCOL

(a) This task order will involve working onboard U.S. and/or foreign naval ships or vessels. As such, the Contractor is reminded of its responsibility to assure that shipboard protocol is stringently followed. Specifically, visit requests must be arranged through the Government sponsor and must be forwarded to the individual command being visited as well as to all supporting commands, such as the base, squadron, tender, etc. that the visitor must pass through to get to the ship or vessel; the Contractor is responsible for obtaining and maintaining specialized training (i.e., nuclear awareness, safety, quality control, etc.) and certification (i.e., SUBSAFE certification, etc.); personnel performing onboard U.S. Navy ships must have at least a SECRET security clearance; if not led by a government representative, the Contractor is responsible for briefing the ship/command upon arrival; and the Contractor is responsible for debriefing the ship/command upon departure to include the operational status of the equipment.

(b) The Contractor shall ensure its personnel adhere to these requirements when performing shipboard. Compliance shall be reported in the trip report.

(1) All personnel working shipboard shall possess at least a SECRET security clearance.

(2) All personnel, while shipboard, shall conform to the rules and regulations of the ship. It is the responsibility of the Contractor to determine the proper rules, regulations, actions, policy, and procedures.

a. Alarms – actual or drill shall be reported and procedures appropriately adhered.

b. Safety – hardhats, tag-outs, safety shoes, goggles, safety harnesses, etc., as appropriate shall be utilized.

c. Some shipboard tasking may require ascending and descending vertical ladders to and from the highest points of the ship both pier side and underway.

d. Must be able stand; walk; climb stairs; balance; stoop; kneel; crouch or crawl around and lift a maximum of 50 lbs (single person) in the test environment.

e. HAZMAT – bringing hazardous materials aboard, using hazardous materials is strictly prohibited.

(3) The designated team lead shall, upon arrival, brief the Commanding Officer or his/her designated representative as to the purpose of the visit and expected duration.

(4) The designated team lead shall, upon final departure, debrief the Commanding Officer or his/her designated representative as to the success of the tasking and the operational condition of affected equipment.

CONTROL OF CONTRACTOR PERSONNEL

The contractor shall comply with the requirements of NAVSEA and NSWCCD instructions regarding performance in Government facilities. All persons engaged in work while on Government property shall be subject to search of their persons (no bodily search) and vehicles at any time by the Government, and shall report any known or suspected security violations to the appropriate Security Department. Assignment, transfer, and reassignment of contractor personnel shall be at the discretion of the contractor. However, when the Government directs, the contractor shall remove from contract performance any person who endangers life, property, or national security through improper conduct. All contractor personnel engaged in work while on Government property shall be subject to the

Standards of Conduct contained in SECNAVINST 5370.2J.

IDENTIFICATION BADGES

The contractor shall be required to obtain identification badges from the Government for all contractor personnel to be located on Government property. The identification badge shall be visible at all times while employees are on Government property. The contractor shall furnish all requested information required to facilitate issuance of identification badges and shall conform to applicable regulations concerning the use and possession of the badges. The contractor shall be responsible for ensuring that all identification badges issued to contractor employees are returned to the appropriate Security Office within 48 hours following completion of the Task Order, relocation or termination of an employee, and upon request by the Contracting Officer.

HQ C-2-0034 MINIMUM INSURANCE REQUIREMENTS (NAVSEA) (SEP 1990)

In accordance with the clause of this contract entitled "INSURANCE--WORK ON A GOVERNMENT INSTALLATION" (FAR 52.228-5), the Contractor shall procure and maintain insurance, of at least the kinds and minimum amounts set forth below:

(a) Workers' Compensation and Employer's Liability coverage shall be at least \$100,000, except as provided in FAR 28.307(a).

(b) Bodily injury liability insurance coverage shall be written on the comprehensive form of policy of at least \$500,000 per occurrence.

(c) Automobile Liability policies covering automobiles operated in the United States shall provide coverage of at least \$200,000 per person and \$500,000 per occurrence for bodily injury and \$20,000 per occurrence for property damage. The amount of liability coverage on other policies shall be commensurate with any legal requirements of the locality and sufficient to meet normal and customary claims.

HQ C-2-0014 CONTRACTOR'S PROPOSAL (NAVSEA)(MAR 2001)

(a) Performance of this contract by the Contractor shall be conducted and performed in accordance with detailed obligations to which the Contractor committed itself in Proposal in response to NSWCD Solicitation N00024-12-R-3038 and the subsequent negotiations..

(b) The technical volume(s) of the Contractor's proposal is incorporated by reference and hereby made subject to the provisions of the "ORDER OF PRECEDENCE" (FAR 52.215-8) clause of this contract. Under the "ORDER OF PRECEDENCE" clause, the technical volume of the Contractor's proposal referenced herein is hereby designated as item (f) of the clause, following "the specification" in the order of precedence.

SECTION G CONTRACT ADMINISTRATION DATA

SECTION G CONTRACT ADMINISTRATION DATA

ACCOUNTING DATA

The award document will include Accounting Data at the end of Section G. All lines of accounting are listed sequentially under a heading that identifies the particular action (award or modification number) under which the funding was obligated. Under SeaPort-e, all funding is identified/obligated at the SubCLIN (SLIN) level. SLINs are established sequentially by the SeaPort-e software. Each obligation of funds receives a unique SLIN identifier, even if the funds are an increase to an existing line of accounting (ACRN). Thus, an individual project/work area or Technical Instruction that is funded incrementally, could have one ACRN but multiple SLINs. Accounting for expenditures and invoicing at the SLIN level is required.

SPECIAL INVOICE INSTRUCTIONS

Each SLIN providing funding designates a specific project area/work area/Technical Instruction (TI)/Work Breakdown Structure (WBS) item. Tracking and reporting shall be accomplished at the project/work area/TI/WBS item level. Each indentified project/work area/TI/WBS shall be invoiced by its associated SLIN and ACRN. If multiple ACRNs are associated with a single project/work area/TI/WBS, the contractor shall consult with the Contracting Officer Representative for additional invoicing instructions.

Ddl-G1 PAYMENT INSTRUCTIONS FOR MULTIPLE ACCOUNTING CLASSIFICATION CITATIONS

- (a) This requirement includes support for multiple programs with independent budgets and funding lines. These funding lines are NOT interchangeable and it is critical that the Paying Office pay in accordance with the ACRNs and SLINs noted on the contractor's invoices. To do otherwise could result in a misappropriation of funds.
- (b) The Payment Office shall ensure that each payment under this contract is made in accordance with the specific accounting classification reference numbers (ACRN) and SubLine (SLIN) numbers shown on each individual invoice, including attached data.

Ddl-G40 PAYMENT, SELECTED ITEMS OF COST REIMBURSEMENT CONTRACTS

(a) Travel costs

The contractor shall, to the maximum extent practicable, minimize overall travel costs by taking advantage of discounted airfare rates available thru advance purchase. Charges associated with itinerary changes and cancelations under nonrefundable airline tickets are reimbursable as long as the changes are driven by the work requirement.

(b) Training

The Government will not allow costs, nor reimburse costs associated with the contractor for training employees in an effort to attain and/or maintain minimum personnel qualification requirements of this contract. Other training may be approved on a case-by-case basis by the Contracting Officer. Advance approval is required. Attendance at workshops or symposiums is considered training for purposes of this clause. The contractor is encouraged to suggest a cost-sharing arrangement that addresses registration/tuition, travel and labor costs.

(c) General Purpose Office Equipment (GPOE) and Information Technology (IT)

The cost of acquisition of GPOE and IT shall not be allowable as direct charges to this contract. The contractor is expected to have the necessary CONUS facilities to perform the requirements of this contract, including any necessary GPOE and IT. GPOE means equipment normally found in a business office such as desks, chairs, typewriters, calculators, file cabinets, etc. IT means any equipment or interconnected system or subsystem of equipment that is used in the automatic acquisition, storage, manipulation, movement, control, display, switching, interchange, transmission, or reception of data or information. IT includes computers, ancillary equipment, software, firmware and similar products, services (including support services), and related resources for both unclassified and classified applications.

(d) The requirements of the above clause apply equally to subcontractors and consultants.

This clause is included at the contract level and it applies to this order. In addition, the following paragraphs are added:

(e) Only the following items are allowable as Other Direct Cost (ODC) items under this Task Order:

None

HQ G-2-0007 INVOICE INSTRUCTIONS (NAVSEA) (APR 2011)

(a) In accordance with the clause of this contract entitled "ELECTRONIC SUBMISSION OF PAYMENT REQUESTS" (DFARS 252.232-7003), the Naval Sea Systems Command (NAVSEA) will utilize the DoD Wide Area Workflow Receipt and Acceptance (WAWF) system to accept supplies/services delivered under this contract. This web-based system located at <https://wawf.eb.mil> provides the technology for government contractors and authorized Department of Defense (DoD) personnel to generate, capture and process receipt and payment-related documentation in a paperless environment. Invoices for supplies/services rendered under this contract shall be submitted electronically through WAWF. Submission of hard copy DD250/invoices may no longer be accepted for payment.

((b) It is recommended that the person in your company designated as the Central Contractor Registration (CCR) Electronic Business (EB) Point of Contact and anyone responsible for the submission of invoices, use the online training system for WAWF at <http://wawftraining.com>. The Vendor, Group Administrator (GAM), and sections marked with an asterisk in the training system should be reviewed. Vendor documentation is available under Resources at <http://wawftraining.com>.

(c) The designated CCR EB point of contact is responsible for activating the company's CAGE code on WAWF by calling 1-866-618-5988. Once the company is activated, the CCR EB point of contact will self-register under the company's CAGE code on WAWF and follow the instructions for a group administrator. After the company is set-up on WAWF, any additional persons responsible for submitting invoices must self-register under the company's CAGE code at <https://wawf.eb.mil>.

(e) The Contractor agrees to segregate costs incurred under this task order at the lowest level of performance, either task or subtask, rather than on a total task order basis, and to submit invoices reflecting costs incurred at that level. Supporting documentation in WAWF for invoices shall include summaries of work charged during the period covered as well as overall cumulative summaries by individual labor categories, rates, and hours (both straight time and overtime) invoiced; as well as a cost breakdown of ODCs (materials and travel), by line item task or subtask. Subcontractors are also required to provide labor categories, rates, and hours (both straight time and overtime) invoiced; as well as, a cost breakdown of ODCs, materials, and travel invoiced. Supporting documentation may be encrypted before submission to the prime contractor for WAWF invoice submittal. Subcontractors may email encryption code information directly to the Contracting Officer and Contracting Officer Representative. Should the subcontractor lack encryption capability, the subcontractor may also email detailed supporting cost information directly to the Contracting Officer and Contracting Officer Representative; or other method as agreed to by the Contracting Officer.

(f) Before closing out of an invoice session in WAWF, but after submitting the document(s), you will be prompted to send additional email notifications. Click on "Send More Email Notification" and add the acceptor/receiver email addresses noted below in the first email address block, and add any other additional email addresses desired in the following blocks. (g) The contractor shall submit invoices/cost vouchers for payment per contract terms and the government shall process invoices/cost vouchers for payment per contract terms. Contractors approved by DCAA for direct billing will submit cost vouchers directly to DFAS via WAWF. Final voucher submission will be approved by the ACO.

(h) If you have any questions regarding WAWF, please contact the WAWF helpdesk at the above 1-866 number or the NAVSEA WAWF point of contact at or

In accordance with (DFARS) PGI 204.7108 "Other"(d) (12) INVOICING AND PAYMENT INSTRUCTIONS FOR MULTIPLE ACCOUNTING CLASSIFICATION CITATIONS

Consistent with clause HQ G-2-0006 PAYMENT INSTRUCTIONS FOR MULTIPLE ACCOUNTING CITATIONS(b)(12)"Other" (ALTERNATE 1) (NAVSEA) (JAN 2008), which is in your basic Seaport-e contract, the following payment instructions apply to this task order:

a) This requirement includes support for multiple programs with independent budgets and funding lines. These funding lines are NOT interchangeable and it is critical that the Paying Office pay in accordance with the ACRNs and SLINs noted on the contractor's invoices. To do otherwise could result in a misappropriation of funds.

(b) The Payment Office shall ensure that each payment under this contract is made in accordance with the specific accounting classification reference numbers (ACRNs) and SubCLIN (SLIN) numbers shown on each individual invoice, including attached data.

EARLY DISMISSAL AND CLOSURE OF GOVERNMENT FACILITIES

When a Government facility is closed and/or early dismissal of Federal employees is directed due to severe weather, security threat, or a facility related problem that prevents personnel from working, onsite contractor personnel regularly assigned to work at that facility should follow the same reporting and/or departure directions given to Government personnel. The contractor shall not direct charge to the contract for time off, but shall follow parent company policies regarding taking leave (administrative or other). Non-essential contractor personnel, who are not required to remain at or report to the facility, shall follow their parent company policy regarding whether they should go/stay home or report to another company facility. Subsequent to an early dismissal and during periods of inclement weather, onsite contractors should monitor radio and television announcements before departing for work to determine if the facility is closed or operating on a delayed arrival basis.

When Federal employees are excused from work due to a holiday or a special event (that is unrelated to severe weather, a security threat, or a facility related problem), on site contractors will continue working established work hours or take leave in accordance with parent company policy. Those contractors who take leave shall not direct charge the non-working hours to the task order. Contractors are responsible for predetermining and disclosing their charging practices for early dismissal, delayed openings, or closings in accordance with the FAR, applicable cost accounting standards, and company policy. Contractors shall follow their disclosed charging practices during the task order period of performance, and shall not follow any verbal directions to the contrary. The Contracting Officer will make the determination of cost allowability for time lost due to facility closure in accordance with FAR, applicable Cost Accounting Standards, and the Contractor's established accounting policy.

SECTION H SPECIAL CONTRACT REQUIREMENTS

TASK ORDER LABOR CATEGORY QUALIFICATIONS

To perform the requirements of the PWS, the Government desires Key Personnel with the appropriate experience and professional development qualifications. Key Personnel qualification levels are considered to be "desired" for those individuals whose resumes are submitted for evaluation with the proposal. Resumes for any replacement personnel that are submitted following award shall be equal to or better than the individuals initially proposed as required by the clause entitled 5252.237-9106 Substitution of Personnel in this Section H. Following award, the qualification levels are considered to be **minimums** for any growth beyond those individuals initially proposed or in labor categories where no resumes were required for proposal purposes.

(a) Experience – The desired experience for each Key Labor Category must be directly related to the tasks and programs listed in the PWS. General experience in engineering, computer science, physical science, or another field appropriate to the labor category employing skills that apply to the accomplishment of the technical objectives of the PWS is a plus and will be favorably considered (such experience may not necessarily meet the desired qualifications listed below).

(b) Professional Certifications and Development - Professional development includes honors, degrees, publications, professional licenses, accreditations, and certifications that directly impact the offerors ability to perform the contract. Retention of these credentials, as required to maintain accreditation, throughout the duration of the contract is the responsibility of the contractor. The years of experience listed are in addition to appropriate professional development. It is incumbent upon the offeror to demonstrate that the proposed personnel have the necessary credentials and accreditations to perform the work.

(c) Accumulation Of Qualifying Experience - Experience may be accumulated concurrently. All experience must be clearly supported by the resume or it will be discounted during the evaluation.

Non-Key Personnel are the non-resumed personnel proposed to provide hours on this requirement.

Post Award : Based on the Key Labor Category Desired Qualifications listed below and the PWS, the contractor will elect and manage the workforce supporting this contract. While government approval is required only for the Resumed Key Personnel, the entire workforce will be evaluated based on the contractor's performance of the PWS in accordance with the QASP.

EXPERIENCE & DEVELOPMENT OF KEY/NON KEY PERSONNEL

The experience and development of key/non key personnel for this task is defined as follows:

a. General Combat Systems Engineering Experience

For the purpose of this procurement, general combat system engineering experience refers to prior participation in the engineering design development and testing of combat weapon systems. A combat system includes the sensor, weapon, control, communication and support system for prosecuting the full spectrum of activities required to detect, track, identify, engage and kill hostile targets in multi-warfare environments.

b. Specialized Experience

For the purpose of this procurement, specialized experience is defined as those experiences necessary to successfully support the area of the task order PWS proposed. Specialized experience

requirements will differ depending upon the section of the PWS being supported. As an example, experience requirements will be different for AEGIS/AEGIS BMD Combat System support than it will be for shipboard Human System Integration support. Offeror's shall describe the specialized experience unique to each employee and match it to the section of the contract performance work statement that the individual will support.

1) Technical Experience

- Technical engineering efforts provided in support of AEGIS, AEGIS BMD, SSDS, LCS, SC-21/DD-21/DDG-1000, Carriers, Amphibs, FSC, Coast Guard NSC/Deepwater
- Expertise in surface ship Human System Integration (HSI),
- Acquisition and Lifecycle Maintenance,
- Expertise in Weapon/Combat System testing and data analysis,
- Expertise in fleet operational performance data collection and analysis,
- Expertise in development of mission requirements and CONOPS,
- Engineering support of war fighting interoperability improvements of Naval and Joint Forces,
- Engineering efforts in support of Navy RDT&E laboratories/sites such as High Performance Computing Laboratory, Integrated Warfare Systems Lab (IWSL), SCSC Wallops Island, Open Architecture Test Facility,
- Development of open systems architectures in support of Naval Combat Systems or Warfare Systems,
- The design engineering associated with SSDS, Coast Guard NSC/Deepwater, AEGIS BMD, and/or AEGIS Weapon/Combat System enhancements.

2) AEGIS Weapon/Combat System Experience

For the purpose of this procurement, recent AEGIS weapons system experience is defined as experience with developmental or operational AEGIS Weapon or Combat Systems within the past eight (8) years (prior to issuance of this Request for Proposal and limited to Baseline 5 Phase III and subsequent baselines). It shall include one or more of the following specific areas:

- Engineering investigation and resolution of combat system operational issues resulting in system performance improvements;
- The development of methodologies, models, or simulations for conducting engineering assessment to AEGIS Weapon System (AWS)/AEGIS Combat System (ACS) performance; combat system performance data analysis, simulation/development/maintenance;
- Development/maintenance of combat system element-level quality assurance/configuration management procedures;
- Computer program definition, design, development, test and multi-element integration;
- Computer program generation/tactical disk builds;
- Combat system element-level and associated computer program documentation development/maintenance;
- Multi-element test plans/procedures development/maintenance;
- Exploration of new engineering war fighting capabilities for AEGIS ships; and
- The design engineering associated with AWS and ACS enhancements.

3) AEGIS BMD Weapon/Combat System Experience

- Demonstrated ability and knowledge with the development, testing and certification of the AEGIS BMD Combat System
- Assessing AEGIS and/or AEGIS BMD hardware and software components within the context of Advanced Capability Builds
- Participation and support in engineering, qualification and demonstration tests at land based test sites, and Flight test missions on the Pacific Missile Range Facility including corresponding data

analysis for issue resolution

d. Professional Development and Experience Improvement - It is desired that individuals proposed as key personnel have demonstrated continuous personal growth and development of technical and programmatic skills through ever increasing complex work experiences, training, courses, and symposia in areas directly applicable to the PWS.

e. Effective communication skills both oral and written with active duty and civilian staff in various positions such as operations, training, acquisition, management, or engineering.

f. Accumulation of Qualifying Experience - All categories of experience may be accumulated concurrently. For example, if the candidate worked while going to school, the work and education time may be credited concurrently. One exception is in the area of specialized experience and General Combat System experience. Specialized experience may count as General Combat System experience, but General Combat System experience may not count as specialized experience. All experience must be clearly supported in the resume.

KEY LABOR CATEGORY DESIRED QUALIFICATIONS

The Key Labor Categories are listed below with their desired qualifications. All Key positions require the following core capabilities.

- i) Effective communication skills with Flag/SES/06 level,
- ii) Conduct engineering studies on the system design and apply system engineering processes to
 - identify risks, and
- iii) Provide sound solutions and mitigate ideas in the context of cost, schedule and performance.

a. PROGRAM MANAGER

- i) Twenty-five (25) years of General Combat Systems engineering experience with
- ii) at least seven (7) years specialized experience, with assignments in engineering development, test and evaluation, and lifetime support engineering phases, and
- iii) at least five (5) years project management experience for a major tactical system employing embedded computer technology.

b. PRINCIPAL ENGINEER

- i) Twenty-five (25) years of general combat systems engineering experience with
- ii) at least ten (10) years of specialized experience with emphasis in AEGIS/AEGIS BMD Weapon/Combat Systems Experience

c. SENIOR SYSTEMS ENGINEER

- i) Fifteen (15) years of general combat systems engineering experience with
- ii) at least seven (7) years of specialized experience with emphasis in AEGIS/AEGIS BMD Weapon/Combat Systems Experience

d. SENIOR MANPOWER TRAINING ANALYST

Ten (10) years experience in the following areas:

- i) Manpower Analysis (billet justification/conduct of efficiency reviews/workload analysis)
- ii) Manpower Management and Administration
- iii) Curriculum Development
- iv) Training System Development

e. SENIOR HUMAN SYSTEMS INTEGRATION ENGINEER

Ten (10) years experience in the following areas:

- i) Human systems integration engineering
- ii) Industrial psychology, research psychology
- iii) Ergonomics
- iv) Industrial safety
- v) Human/computer interface engineering

f. SENIOR SOFTWARE ENGINEER

Ten (10) years experience in the following areas:

- i) Computer program development
- ii) Modeling and Simulation
- iii) Test and Evaluation

g. SENIOR SYSTEMS SAFETY ENGINEER

- i) Ten (10) years of general combat systems engineering experience with
- ii) at least five (5) years experience in the following areas:
 - System Safety as applied to Weapon Systems
 - System Safety as applied to missiles and fire control systems
 - System Safety as applied to Developmental Testing and Operational Testing and Evaluation

NON-KEY LABOR CATEGORY DESIRED QUALIFICATIONS

The Non-Key Labor Categories are listed below with their desired qualifications:

a. SYSTEMS ENGINEER

- i) Ten (10) years of general combat systems engineering experience with
- ii) at least five (5) years experience in the following areas:
 - Engineering investigation and resolution of combat system operational issues resulting in system performance improvements
 - The development of methodologies, models, or simulations for conducting engineering assessment to AEGIS Weapon System (AWS)/AEGIS Combat System (ACS) performance; combat system performance data analysis, simulation/development/maintenance
 - Development/maintenance of combat system element-level quality assurance/configuration management procedures

- Computer program definition, design, development, test and multi-element integration
- Computer program generation/tactical disk builds
- Combat system element-level and associated computer program documentation development/maintenance
- Multi-element test plans/procedures development/maintenance
- Exploration of new engineering war fighting capabilities for Carriers, Amphibious and/or AEGIS ships
- The design engineering associated with Ship Self Defense System (SSDS), ABMD, AWS and/or ACS enhancements

b. HUMAN SYSTEMS INTEGRATION ENGINEER

Five (5) years experience in the following areas:

- i) Human factors
- ii) Cognitive, Engineering or Applied Experimental Psychology
- iii) Ergonomics
- iv) Industrial safety
- v) Human/computer interface engineering

c. SYSTEMS SAFETY ENGINEER

i) Five (5) years experience in the following areas:

- System Safety as applied to Weapon Systems
- System Safety as applied to missiles and fire control systems
- System Safety as applied to Developmental Testing and Operational Testing and Evaluation

d. ENGINEER

- i) Five (5) years of general combat systems engineering experience.

e. SOFTWARE ENGINEER

i) Five (5) years experience in the following areas of software engineering:

- Computer program definition, design, development, test and multi-element integration;
- Computer program generation/tactical disk builds;
- Modeling and Simulation
- Software Test and Evaluation

5252.237-9106 Substitution of Personnel (Sep 1990)

(a) The Contractor agrees that a partial basis for award of this contract is the resumed key personnel proposed. Accordingly, the Contractor agrees to assign to this contract those key persons whose resumes were submitted with the proposal necessary to fulfill the requirements of the contract. No substitution shall be made without prior notification to and concurrence of the Contracting Officer in accordance with this requirement. (b) All proposed substitutes shall have qualifications equal to or higher than the qualifications of the person to be replaced. The Contracting Officer shall be notified in writing of any proposed substitution at least forty-five (45) days or ninety (90) days if a security clearance is to be obtained, in advance of the proposed substitution. Such notification shall include: (1) an explanation of the circumstances necessitating the substitution; (2) a complete resume of the proposed substitute; and (3) any other information requested by the Contracting Officer to enable

him/her to judge whether or not the Contractor is maintaining the same high quality of personnel that provided the partial basis for award.

Ddl-H13 POST AWARD CONTRACTOR PERSONNEL APPROVAL

(a) Requests for post award approval of additional and/or replacement Resumed Key personnel shall be submitted via e-mail. E-mail submissions shall be made simultaneously to the Contract Specialist and the COR, and the Alternate COR. Electronic notification via e-mail from the Contract Specialist will serve as written approval/disapproval on behalf of the Contracting Officer. This approval is required before an individual may begin charging to the Task Order.

(b) It is desired that resumes be submitted in the format required below. However, in order to expedite contract administration, contractor format may be used providing sufficient information is submitted for an independent comparison of the individual's qualifications with labor category requirements.

(c) If the employee is not a current employee of the contractor (or a subcontractor), a copy of the accepted offer letter (which identifies a projected start date and the agreed to annual salary) shall be provided.

RESUME FORMAT AND CONTENT REQUIREMENTS

RESUME FORMAT AND CONTENT: In order to facilitate evaluation, all resumes shall be provided in the following format:

Complete Name
 Task Order Labor Category / Contractor Labor Category
 Percentage of time to be allocated to this effort
 Current security clearance level per JPAS (identify if interim or final)
 Current work location and planned work location upon award of this Task Order
 Note if the individual is key on another contract with a period of performance that will overlap this requirement. Note plans to satisfy both contracts if the Offeror is selected for award.
 Chronological Work History / Experience – Show experience and date(s) as follows:

(a) Employer: Dates (month/year); Title(s) held

(b) Work experience shall be presented separately for each employer, clearly marked with proper category of experience (i.e., Relevant Experience; Non-Relevant Experience.). If relevant and non-relevant experience were obtained while at the same employer, separate time periods shall be noted for each assignment. (This is necessary to prevent an offeror from describing relevant experience obtained in a six month assignment for Company A as applicable to the entire 10-year employment with that firm and to ensure offerors' proposals are evaluated on an equal basis). Responsibilities shall be discussed in sufficient detail for each assignment so as to permit comparison with desired experience levels in Section H. Specific examples of work assignments, accomplishments, and products shall be provided.

(c) Phrases such as "assisted with", "participated in", or "supported" are UNACCEPTABLE except as introductory to a detailed description of the actual work performed. If no such description is provided, the sentence or bulleted information will NOT be considered in the resume evaluation process. This is because evaluators would not be able to identify the specific technical work contributions made by the individual.

(d) Resume information is encouraged to be presented in bullet format. This will allow evaluators to focus on relevant information.

(e) Offerors shall note that the lack of specific definition in job responsibilities, services performed or products produced may be viewed as a lack of understanding of the Government's overall technical requirements.

(f) All relevant military experience claimed shall be described such that each relevant tour is treated as a separate employer. Time frames/titles/responsibilities shall be provided in accordance with the level of detail prescribed above. Military experience not documented in this manner will not be considered.

----------------------------------	---	----------------------------------	--------------------	-------

(g) Gaps in experience shall be avoided.

(h) The cut-off date for any experience claimed shall be the closing date of the solicitation.

(i) **PROFESSIONAL DEVELOPMENT** – Show any honors, degrees, publications, professional licenses, certifications and other evidence of professional accomplishments that are directly relevant and impact the offeror's ability to perform under the Task Order. For education and training, the following format is preferred:

Academic: Degree(s); Date(s); Institution; Major/Minor

Non-Academic: Course title, date(s), approximate length

Professional licenses and certifications. Note the date obtained for each, as well as the date when each license/certification requires renewal.

(j) Certification of correctness of information signed and dated by both the person named and the Offeror. The employee certification shall include the following statement: **CERTIFICATION:** "I certify that the experience and professional development described herein are complete and accurate in all respects. I consent to the disclosure of my resume for NSWCDD Solicitation N00024-12-R-3038 by _____ (insert Offeror's company name) and intend to make myself available to work under any resultant contract to the extent proposed."

Employee Signature and Date

Offeror Signature and Date

Resumes without this certification will be unacceptable and will not be considered. The employee certification shall not be dated earlier than the issue date of this solicitation.

(k) If the employee is not a current employee of the offeror (or a proposed subcontractor), a copy of the accepted offer letter shall be provided. The letter shall identify the projected start date. The Cost Proposal shall include documentation that identifies the agreed-to salary amount.

NAVSEA 5252.242-9115 TECHNICAL INSTRUCTIONS (APR 1999)

(a) Performance of the work hereunder shall be subject to written technical instructions issued via Task Order modification after the instruction has been signed by the Contracting Officer, COR and Contractor. As used herein, technical instructions are defined to include the following:

(1) Directions to the Contractor which suggest pursuit of certain lines of inquiry, shift work emphasis, fill in details or otherwise serve to accomplish the contractual PWS.

(2) Guidelines to the Contractor which assist in the interpretation of drawings, specifications or technical portions of work description.

(b) Technical instructions must be within the general scope of work stated in the order. Technical instructions may not be used to: (1) assign additional work under the order; (2) direct a change as defined in the "CHANGES" clause of the basic contract; (3) increase or decrease the estimated order amount (including fee), as applicable, the level of effort, or the time required for task order performance; or (4) change any of the terms, conditions or specifications of the order.

(c) If, in the opinion of the Contractor, any technical instruction calls for effort outside the scope of the order or is inconsistent with this requirement, the Contractor shall notify the Contracting Officer in writing within ten (10) working days after the receipt of any such instruction. The Contractor shall not proceed with the work affected by the technical instruction unless and until the Contractor is notified by the Contracting Officer that the technical instruction is within the scope of this order.

(d) Nothing in the foregoing paragraph shall be construed to excuse the Contractor from performing that portion of the contractual work statement which is not affected by the disputed technical instruction.

Additional Information Relating to the Issuance of Technical Instructions:

(c) CLINs/SLINs _____ are fully funded and performance under these CLINs/SLINs is subject to the clause of this contract entitled "LIMITATION OF COST" (FAR 52.232-20).

(d) The Contractor shall segregate costs for the performance of incrementally funded CLINs/SLINs from the costs of performance of fully funded CLINs/SLINs.

5252.216-9122 LEVEL OF EFFORT – ALTERNATE 1 (MAY 2010)

(a) The Contractor agrees to provide the total level of effort specified below in performance of the work described in Sections B and C of this task order. The total level of effort for the performance of this task order shall be man-hours of direct labor, including subcontractor direct labor for those subcontractors specifically identified in the Contractor's proposal as having hours included in the proposed level of effort.

	Total Man-hours	Compensated	Uncompensated

Option Year 1 Surge Option (CLIN 4150)			
Option Year 2 (CLIN 7200)			
Option Year 2 Surge Option (CLIN 7250)			
Total Hours			

(b) Of the total man-hours of direct labor set forth above, it is estimated that _____ man-hours are uncompensated effort. Uncompensated effort is defined as hours provided by personnel in excess of 40 hours per week without additional compensation for such excess work. Total Times Accounting (TTA) efforts are included in this definition. All other effort is defined as compensated effort. If no effort is indicated in the first sentence of this paragraph, uncompensated effort performed by the Contractor shall not be counted in fulfillment of the level of effort obligations under this contract.

(c) Effort performed in fulfilling the total level of effort obligations specified above shall only include effort performed in direct support of this contract and shall not include time and effort expended on such things as (local travel to and from an employee's usual work location), uncompensated effort while on travel status, truncated lunch periods, work (actual or inferred) at an employee's residence or other non-work locations (except as provided in paragraph (i) below), or other time and effort which does not have a specific and direct contribution to the tasks described in Sections B and C.

(d) The level of effort for this contract shall be expended at an average rate of approximately _____ hours per week. It is understood and agreed that the rate of man-hours per month may fluctuate in pursuit of the technical objective, provided such fluctuation does not result in the use of the total man-hours of effort prior to the expiration of the term hereof, except as provided in the following paragraph.

(e) If, during the term hereof, the Contractor finds it necessary to accelerate the expenditure of direct labor to such an extent that the total man-hours of effort specified above would be used prior to the expiration of the term, the Contractor shall notify the Contracting Officer in writing setting forth the acceleration required, the probable benefits which would result, and an offer to undertake the acceleration at no increase in the estimated cost or fee together with an offer, setting forth a proposed level of effort, cost breakdown, and proposed fee, for continuation of the work until expiration of the term hereof. The offer shall provide that the work proposed will be subject to the terms and conditions of this contract and any additions or changes required by then current law, regulations, or directives, and that the offer, with a written notice of acceptance by the Contracting Officer, shall constitute a binding contract. The Contractor shall not accelerate any effort until receipt of such written approval by the Contracting Officer. Any agreement to accelerate will be formalized by contract modification.

(f) The Contracting Officer may, by written order, direct the Contractor to accelerate the expenditure of direct labor such that the total man-hours of effort specified in paragraph (a) above would be used prior to the expiration of the term. This order shall specify the acceleration required and the resulting revised term. The Contractor shall

acknowledge this order within five days of receipt.

(g) The Contractor shall provide and maintain an accounting system, acceptable to the Administrative Contracting Officer and the Defense Contract Audit Agency (DCAA), which collects costs incurred and effort (compensated and uncompensated, if any) provided in fulfillment of the level of effort obligations of this contract. The Contractor shall indicate on each invoice the total level of effort claimed during the period covered by the invoice, separately identifying compensated effort and uncompensated effort, if any.

(h) Within 45 days after completion of the work under each separately identified period of performance hereunder, the Contractor shall submit the following information in writing to the Contracting Officer with copies to the cognizant Contract Administration Office and to the DCAA office to which vouchers are submitted: (1) the total number of man-hours of direct labor expended during the applicable period; (2) a breakdown of this total showing the number of man-hours expended in each direct labor classification and associated direct and indirect costs; (3) a breakdown of other costs incurred; and (4) the Contractor's estimate of the total allowable cost incurred under the contract for the period. Within 45 days after completion of the work under the contract, the Contractor shall submit, in addition, in the case of a cost underrun; (5) the amount by which the estimated cost of this contract may be reduced to recover excess funds. All submissions shall include subcontractor information.

(i) Unless the Contracting Officer determines that alternative worksite arrangements are detrimental to contract performance, the Contractor may perform up to 10% of the hours at an alternative worksite, provided the Contractor has a company-approved alternative worksite plan. The primary worksite is the traditional "main office" worksite. An alternative worksite means an employee's residence or a telecommuting center. A telecommuting center is a geographically convenient office setting as an alternative to an employee's main office. The Government reserves the right to review the Contractor's alternative worksite plan. In the event performance becomes unacceptable, the Contractor will be prohibited from counting the hours performed at the alternative worksite in fulfilling the total level of effort obligations of the contract. Regardless of work location, all contract terms and conditions, including security requirements and labor laws, remain in effect. The Government shall not incur any additional cost nor provide additional equipment for contract performance as a result of the Contractor's election to implement an alternative worksite plan.

(j) Notwithstanding any of the provisions in the above paragraphs and subject to the LIMITATION OF FUNDS or LIMITATION OF COST clauses, as applicable, the period of performance may be extended and the estimated cost may be increased in order to permit the Contractor to provide all of the man-hours listed in paragraph (a) above. The contractor shall continue to be paid fee for each man-hour performed in accordance with the terms of the contract.

SAVINGS INITIATIVES

The following cost savings initiatives are required under this Task Order.

Annual Labor Escalation: ■ %

Maximum Pass-Thru Rate: ■ %

The above maximum rates are applicable to the prime contractor. If subcontracting is proposed, the prime contractor is strongly encouraged to restrict subcontractor fixed fee to the lower of (a) the prime contractor's fee under this order or (b) the subcontractor's SeaPort-e fixed fee rate where the subcontractor is also a prime contractor under SeaPort-e. The purpose of this is the Government's desire to avoid having it be more financially lucrative for a firm to be a subcontractor rather than a prime contractor under SeaPort-e. The Government strongly encourages the prime contractor to also implement this under Time and Materials subcontracts. Subcontractors may not earn fee on ODC's.

The Government also strongly encourages the prime contractor to eliminate "double pass-thru" costs by (1) avoiding second tier subcontractors/consultants during performance and (2) where this situation is unavoidable, limiting subcontractor pass-thru costs to the lower of (i) the prime contractor's pass-thru rate under this order or (ii) the subcontractor's SeaPort-e pass-thru rate where the subcontractor is also a prime contractor under SeaPort-e.

(a) *Definitions.* As used in this clause—

Acquisition function closely associated with inherently governmental functions means supporting or providing advice or recommendations with regard to the following activities of a Federal agency:

- (1) Planning acquisitions.
- (2) Determining what supplies or services are to be acquired by the Government, including developing statements of work.
- (3) Developing or approving any contractual documents, to include documents defining requirements, incentive plans, and evaluation criteria.
- (4) Evaluating contract proposals.
- (5) Awarding Government contracts.
- (6) Administering contracts (including ordering changes or giving technical direction in contract performance or contract quantities, evaluating contractor performance, and accepting or rejecting contractor products or services).
- (7) Terminating contracts.
- (8) Determining whether contract costs are reasonable, allocable, and allowable.

Covered employee means an individual who performs an acquisition function closely associated with inherently governmental functions and is—

- (1) An employee of the contractor; or
- (2) A subcontractor that is a self-employed individual treated as a covered employee of the contractor because there is no employer to whom such an individual could submit the required disclosures.

Non-public information means any Government or third-party information that—

- (1) Is exempt from disclosure under the Freedom of Information Act (5 U.S.C. 552) or otherwise protected from disclosure by statute, Executive order, or regulation; or
- (2) Has not been disseminated to the general public and the Government has not yet determined whether the information can or will be made available to the public.

Personal conflict of interest means a situation in which a covered employee has a financial interest, personal activity, or relationship that could impair the employee's ability to act impartially and in the best interest of the Government when performing under the contract. (A *de minimis* interest that would not "impair the employee's ability to act impartially and in the best interest of the Government" is not covered under this definition.)

(1) Among the sources of personal conflicts of interest are—

- (i) Financial interests of the covered employee, of close family members, or of other members of the covered employee's household;
- (ii) Other employment or financial relationships (including seeking or negotiating for prospective employment or business); and
- (iii) Gifts, including travel.

(2) For example, financial interests referred to in paragraph (1) of this definition may arise from—

- (i) Compensation, including wages, salaries, commissions, professional fees, or fees for business referrals;
- (ii) Consulting relationships (including commercial and professional consulting and service arrangements, scientific and technical advisory board memberships, or serving as an expert witness in litigation);
- (iii) Services provided in exchange for honorariums or travel expense reimbursements;
- (iv) Research funding or other forms of research support;
- (v) Investment in the form of stock or bond ownership or partnership interest (excluding diversified mutual fund investments);
- (vi) Real estate investments;
- (vii) Patents, copyrights, and other intellectual property interests; or
- (viii) Business ownership and investment interests.

(b) *Requirements.* The Contractor shall—

- (1) Have procedures in place to screen covered employees for potential personal conflicts of interest, by—
 - (i) Obtaining and maintaining from each covered employee, when the employee is initially

assigned to the task under the contract, a disclosure of interests that might be affected by the task to which the employee has been assigned, as follows:

(A) Financial interests of the covered employee, of close family members, or of other members of the covered employee's household.

(B) Other employment or financial relationships of the covered employee (including seeking or negotiating for prospective employment or business).

(C) Gifts, including travel; and

(ii) Requiring each covered employee to update the disclosure statement whenever the employee's personal or financial circumstances change in such a way that a new personal conflict of interest might occur because of the task the covered employee is performing.

(2) For each covered employee—

(i) Prevent personal conflicts of interest, including not assigning or allowing a covered employee to perform any task under the contract for which the Contractor has identified a personal conflict of interest for the employee that the Contractor or employee cannot satisfactorily prevent or mitigate in consultation with the contracting agency;

(ii) Prohibit use of non-public information accessed through performance of a Government contract for personal gain; and

(iii) Obtain a signed non-disclosure agreement to prohibit disclosure of non-public information accessed through performance of a Government contract.

(3) Inform covered employees of their obligation—

(i) To disclose and prevent personal conflicts of interest;

(ii) Not to use non-public information accessed through performance of a Government contract for personal gain; and

(iii) To avoid even the appearance of personal conflicts of interest;

(4) Maintain effective oversight to verify compliance with personal conflict-of-interest safeguards;

(5) Take appropriate disciplinary action in the case of covered employees who fail to comply with policies established pursuant to this clause; and

(6) Report to the Contracting Officer any personal conflict-of-interest violation by a covered employee as soon as it is identified. This report shall include a description of the violation and the proposed actions to be taken by the Contractor in response to the violation. Provide follow-up reports of corrective actions taken, as necessary. Personal conflict-of-interest violations include—

(i) Failure by a covered employee to disclose a personal conflict of interest;

(ii) Use by a covered employee of non-public information accessed through performance of a Government contract for personal gain; and

(iii) Failure of a covered employee to comply with the terms of a non-disclosure agreement.

(c) *Mitigation or waiver.* (1) In exceptional circumstances, if the Contractor cannot satisfactorily prevent a personal conflict of interest as required by paragraph (b)(2)(i) of this clause, the Contractor may submit a request through the Contracting Officer to the Head of the Contracting Activity for—

(i) Agreement to a plan to mitigate the personal conflict of interest; or

(ii) A waiver of the requirement.

(2) The Contractor shall include in the request any proposed mitigation of the personal conflict of interest.

(3) The Contractor shall—

(i) Comply, and require compliance by the covered employee, with any conditions imposed by the Government as necessary to mitigate the personal conflict of interest; or

(ii) Remove the Contractor employee or subcontractor employee from performance of the contract or terminate the applicable subcontract.

(d) *Subcontract flowdown.* The Contractor shall include the substance of this clause, including this paragraph (d), in subcontracts—

(1) That exceed \$150,000; and

(2) In which subcontractor employees will perform acquisition functions closely associated with inherently governmental functions (*i.e.*, instead of performance only by a self-employed individual).

52.217-9 OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000) (NAVSEA VARIATION) (SEP 2009)

(a) The Government may extend the term of this contract by written notice(s) to the Contractor within the periods specified below. If more than one option exists the Government has the right to unilaterally exercise any such option whether or not it has exercised other options.

CLINS	LATEST OPTION EXERCISE DATE
4050, 6050	Within the first 12 months of the Task Order performance
4100, 4150, 6100, 6150	After the first 12 months and no later than 24 months after the Task Order performance
7200, 7250, 9200, 9250	After the first 24 months and no later than 36 months after the Task Order performance

(b) If the Government exercises this option, the extended contract shall be considered to include this option clause.

(c) The total duration of this contract, including the exercise of any option(s) under this clause, shall not exceed three (3) years, however, in accordance with paragraph (j) of the requirement of this contract entitled "LEVEL OF EFFORT" (NAVSEA 5252.216-9122), if the total manhours delineated in paragraph (a) of the LEVEL OF EFFORT requirement, have not been expended within the period specified above, the Government may require the Contractor to continue to perform the work until the total number of manhours specified in paragraph (a) of the aforementioned requirement have been expended.

52.243-7 Notification of Changes (Apr 1984)

(a) *Definitions.* "Contracting Officer," as used in this clause, does not include any representative of the Contracting Officer.

"Specifically Authorized Representative (SAR)," as used in this clause, means any person the

CONTRACT NO. N00178-04-D-4129	DELIVERY ORDER NO. N00178-04-D-4129-0003	AMENDMENT/MODIFICATION NO. 52	PAGE 110 of 112	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

Contracting Officer has so designated by written notice (a copy of which shall be provided to the Contractor) which shall refer to this paragraph and shall be issued to the designated representative before the SAR exercises such authority.

(b) *Notice.* The primary purpose of this clause is to obtain prompt reporting of Government conduct that the Contractor considers to constitute a change to this contract. Except for changes identified as such in writing and signed by the Contracting Officer, the Contractor shall notify the Administrative Contracting Officer in writing promptly, within **ten** calendar days from the date that the Contractor identifies any Government conduct (including actions, inactions, and written or oral communications) that the Contractor regards as a change to the contract terms and conditions. On the basis of the most accurate information available to the Contractor, the notice shall state—

- (1) The date, nature, and circumstances of the conduct regarded as a change;
- (2) The name, function, and activity of each Government individual and Contractor official or employee involved in or knowledgeable about such conduct;
- (3) The identification of any documents and the substance of any oral communication involved in such conduct;
- (4) In the instance of alleged acceleration of scheduled performance or delivery, the basis upon which it arose;
- (5) The particular elements of contract performance for which the Contractor may seek an equitable adjustment under this clause, including—
 - (i) What contract line items have been or may be affected by the alleged change;
 - (ii) What labor or materials or both have been or may be added, deleted, or wasted by the alleged change;
 - (iii) To the extent practicable, what delay and disruption in the manner and sequence of performance and effect on continued performance have been or may be caused by the alleged change;
 - (iv) What adjustments to contract price, delivery schedule, and other provisions affected by the alleged change are estimated; and
- (6) The Contractor's estimate of the time by which the Government must respond to the Contractor's notice to minimize cost, delay or disruption of performance.

(c) *Continued performance.* Following submission of the notice required by paragraph (b) of this clause, the Contractor shall diligently continue performance of this contract to the maximum extent possible in accordance with its terms and conditions as construed by the Contractor, unless the notice reports a direction of the Contracting Officer or a communication from a SAR of the Contracting Officer, in either of which events the Contractor shall continue performance; provided, however, that if the Contractor regards the direction or communication as a change as described in paragraph (b) of this clause, notice shall be given in the manner provided. All directions, communications, interpretations, orders and similar actions of the SAR shall be reduced to writing promptly and copies furnished to the Contractor and to the Contracting Officer. The Contracting Officer shall promptly countermand any action which exceeds the authority of the SAR.

(d) *Government response.* The Contracting Officer shall promptly, within **ten** calendar days after receipt of notice, respond to the notice in writing. In responding, the Contracting Officer shall either—

- (1) Confirm that the conduct of which the Contractor gave notice constitutes a change and when necessary direct the mode of further performance;

CONTRACT NO. N00178-04-D-4129	DELIVERY ORDER NO. N00178-04-D-4129-0003	AMENDMENT/MODIFICATION NO. 52	PAGE 111 of 112	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

(2) Countermand any communication regarded as a change;

(3) Deny that the conduct of which the Contractor gave notice constitutes a change and when necessary direct the mode of further performance; or

(4) In the event the Contractor's notice information is inadequate to make a decision under paragraphs (d)(1), (2), or (3) of this clause, advise the Contractor what additional information is required, and establish the date by which it should be furnished and the date thereafter by which the Government will respond.

(e) Equitable adjustments.

(1) If the Contracting Officer confirms that Government conduct effected a change as alleged by the Contractor, and the conduct causes an increase or decrease in the Contractor's cost of, or the time required for, performance of any part of the work under this contract, whether changed or not changed by such conduct, an equitable adjustment shall be made—

(i) In the contract cost or delivery schedule or both; and

(ii) In such other provisions of the contract as may be affected.

(2) The contract shall be modified in writing accordingly. In the case of drawings, designs or specifications which are defective and for which the Government is responsible, the equitable adjustment shall include the cost and time extension for delay reasonably incurred by the Contractor in attempting to comply with the defective drawings, designs or specifications before the Contractor identified, or reasonably should have identified, such defect. When the cost of property made obsolete or excess as a result of a change confirmed by the Contracting Officer under this clause is included in the equitable adjustment, the Contracting Officer shall have the right to prescribe the manner of disposition of the property. The equitable adjustment shall not include increased costs or time extensions for delay resulting from the Contractor's failure to provide notice or to continue performance as provided, respectively, in paragraphs (b) and (c) of this clause.
